

18 March 2020

Dear Parent and Carers

I wish to offer my thanks to you for your calmness around the current COVID-19 situation.

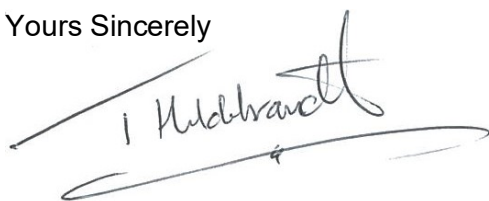

I have been made aware that in the last two days a number of false rumours have been circulating indicating that we have had confirmed cases of the virus within our community.

I can assure you that at this point in time, there have been no confirmed cases of COVID-19 reported to us from any student or their immediate family. We have protocols in place to respond if a case is reported to us, and our response would be immediate in this situation.

I understand that there is a heightened level of anxiety in the community currently and I can only assure you that we have measures in place at school to minimise the risk of spread to all of our students and staff.

Once again, I ask all families to please keep your children home if they are unwell with flu-like symptoms. Please refer to the NSW Health [website](#) for more information about the virus and symptoms and [Central Coast Health](#) for information about local testing centres and procedure if you think you may have the virus.

Yours Sincerely

Tim Hildebrandt
Principal
