

23 April 2020

Dear Parents and Carers

### **Managing Return to School Term 2, 2020**

Thank you for your support during this time. Last term was unexpected with the move to Home-Based Learning. This term also sees further adjustments in how learning will look at St Peter's Catholic College.

Attached to this communication you will find an Information Sheet which outlines the phased approach announced by the Premier that we are adopting to manage the return to school of our students.

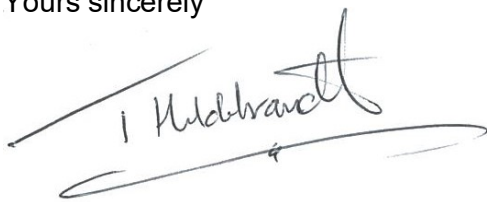

Additionally, we will be working on the organisational details and the additional safety measures that we will put in place.

The Premier is hoping that all students will be back at school full time by the start of Term 3.

We ask that if your child is sick during this transition phase they should not be sent to school as a precaution.

I look forward to sending out further information and seeing the children back at school in the coming weeks.

Yours sincerely

**Mr Tim Hildebrandt**  
Principal
